Handcrafted, built to last, and designed exclusively for you.

Our craftsmen make every sofa to a level you can be proud of, whatever the price. At Sofology, the UK's leading sofa specialist, we are confident in the materials and workmanship of every single sofa range we offer. Tried and tested, again and again, they all deserve our 10 year guarantee and they all deserve our extended 2 year guarantee too. So feel free to relax, it's covered for you.

Introducing Suzy McMahon

HEAD OF BUYING / SOFOLOGY

As the UK's largest sofa specialists, we make sure we understand the importance of buying a new sofa. There's so much to consider - shape, design, fabric or leather, configuration, size, and very importantly comfort that lasts and that is right for you. With that in mind, we scour the world over to seek out the best craftsmen, the best design teams, the very best fabrics and natural leathers to create our own exclusive collections that you will not find anywhere else. Inspired and taking references from the world of haute couture, interior design, architectural lines and textures, forecast colour trends, innovative new fabric constructs, as well as recognised luxurious classics like premium silks or deep pile Italian velvets. These influences help us shape unique designs which we then make sure are expertly constructed and crafted into a sofa that is filled with functionalities and mechanisms that will combine to give you the very best, most comfortable sofa collections available - that's our mission and that's why all our sofas are guaranteed for 10 years...

Suzy.
